Revisit the past at Liliesleaf

The historic Liliesleaf farm is once again welcoming visitors. The Liliesleaf Trust aims to bring the events that took place in Rivonia 45 years ago into South Africa's current socio-political context by allowing the original buildings' infrastructures to recreate the living and working environments of the time of the Rivonia Raid. The Resource Centre provides access to historical material, records and critical theoretical writings on the struggle, while the museum offers a snapshot of South Africa's recent history. Bookings are essential.

New 18-storey Alice Lane Tower to soar over Sandton CBD

Sandton's Deneys Reitz law firm has signed to take up two-thirds of the new 18-storey Alice Lane Tower being developed by Zenprop and Tiber. The R600-million environmentally-friendly tower is designed by Paragon Architects' Anthony Orelowitz and is scheduled for completion in 2010.

22 Fredman wins innovation award

Zenprop took home an award in the refurbishments category at the 2008 SAPOA Awards for Innovative Excellence in Property Development. It was acknowledged for its careful reworking of 22 Fredman Drive, the home of Routledge
